Hi Families,

The Spike Parent App, allows you to view your child's bookings, immunisation status, health and dietary conditions as well as your invoices and statements.

Via the app we are also able to send messages, activities (including photos), notes and alerts.

Use your phones camera app to scan the QR code below.

Or you can type this link into your internet search on your smart phone. The link will also appear on your next invoice.

https://splash.spike.economicoutlook.net/clients/

Your username is your Account email address and your password is the Account holders PINCODE used to sign your child in and out at Splash. This pincode will be allocated to you when you first use Splash.

If you do not know your PIN, or your PIN is not working click on 'reset your password'.

You will receive an email from Economic Outlook with the subject 'reset PIN' and you will be guided to install the app.

We are hoping to increase the usage on the app and eventually have it as the sole app for all messages, booking and information from Splash.

If you need any further information or are unsure about what details to use for the log in please email splash on splash@stpaulba.sa.edu.au

Here's some of what you will see ….
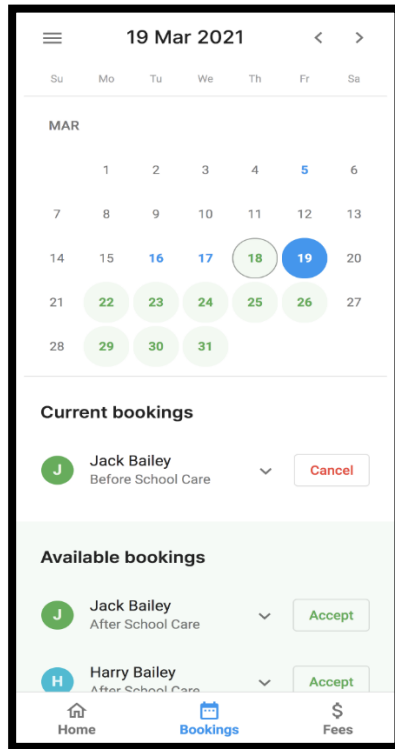

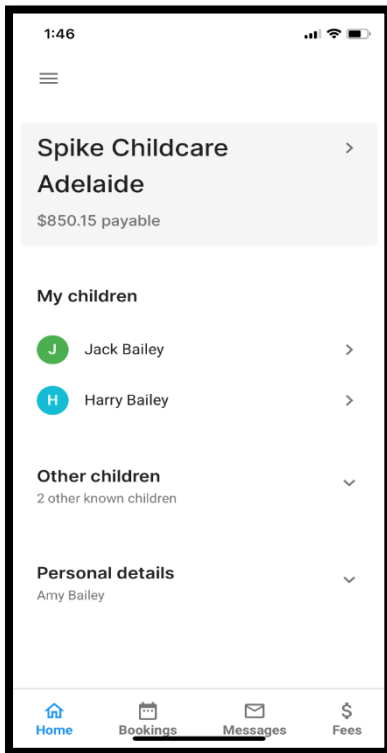

The bookings screen above right displays your child's current bookings (in blue) and available bookings (in green). To make a booking simply click accept and confirm. You can also cancel bookings if this is within your services booking policies.
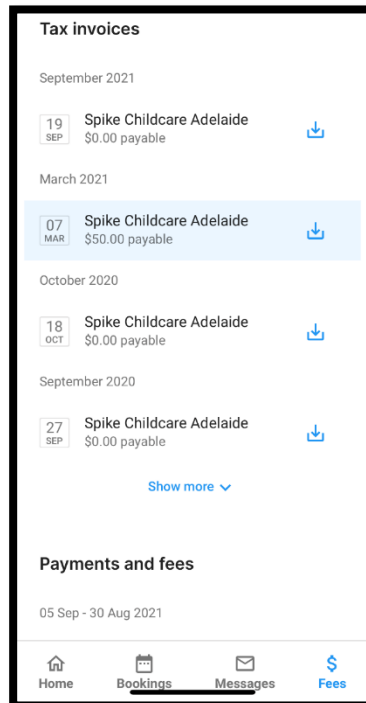

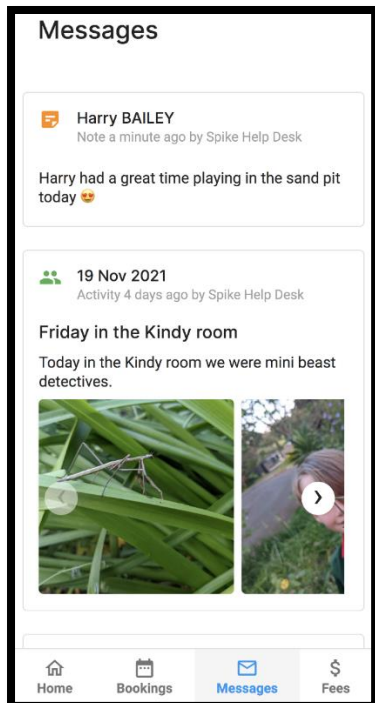

The messages screen above left displays all messages, activities and alerts sent from your child's service. The fees screen above right displays all of your tax invoices, child care fees, CCS payments and receipts.
